Brief Abstract of Letter

States that at present 20 per cent of the students in a class are allowed freeships or half-freeships and that many of the Head masters ~~Gove-~~ Deputy ~~Seder~~ that by treating one freeship as equivalent to two half-freeships they can give relief to a greater number of students without subjecting Govt to any loss of income and suggests a modification of the Rules accordingly

NOTES AND ORDERS

Submitted for orders the present Rules is quoted below—

"The number of Scholarships and free and half-free Studentships shall together not exceed twenty per cent of the average number on the Roll of the

class for the month, after excluding Mahomedan & Rajput free & half-free Students"

2 The object of this Rule seems to be that the total number of Candidates holding concessions such as free ships and half-free ships should not exceed 20 per cent. If as now suggested by the Dy, one freeship is ordered to be treated as equivalent to two half-freeships, the number of students holding such concessions will exceed 20 per cent. Therefore the alteration in the present Rules ~~seems necessary~~ suggested by the Dy cannot be sanctioned.

3 It is a point for consideration whether the number of freeships & half-freeships in each class may not be equally divided so that 10 per cent will be freeships & 10 per cent, half-freeships
